

NEW MODULE

Supporting Undocumented Students

45 MINUTES TO COMPLETE

The module provides a common understanding of undocumented students in our system along with learned strategies and promising practices to support them. By being aware of undocumented students' unique circumstances and knowing where to direct them for help, you can help make significant and meaningful impacts on their educational journeys.

Information covered includes:

- Supporting undocumented students
- Protecting student data
- Financial aid for undocumented students
- Holistic supports
- Employment alternatives
